LOOK!! Check out this parcel of land in Turkey Mountain Estates-East, that consists of 5 lots together totaling about .80/acre. Plenty of room, to build your lake home, or bring in a mobile home, erect a metal building or a barndominium -- whatever you choose, the possibilities are endless. The lake is visible from the lower two lots, and on the upper lots has several places that would be great for your homestead. The subdivision has water lines through the property and electrical lines at the street! Save yourself money and buy the land, utilities are present, just put in a septic system. You are so close to the water, this makes a great, affordable option to having your lake home ready to enjoy!
