MLS# 3548299

\$1,300,000

Approximately 45 acres of great ground zoned B2 just outside the city limits of Osage Beach. Easy access using one of the few interchanges conveniently located between Camdenton and Lake Ozark. There is 5 acres that sits on Hwy 54 and has amazing visibility from the Hwy. Beyond that there is another 40 acres on both sides of the fire station that runs behind it, and offers some wonderful building spots. There is a large beautiful ridge that has really nice building topography. It is also gentle off of the street back into the property. With B2 zoning there are so many opportunities. Great visibility, access, topography and location. This one has it all!
