Nicely updated 3 bedroom/2 bath home situated on a very private lot with 2.67 acres in Sunrise Beach. Blacktop roads lead to the oversized circle driveway with plenty of parking, a detached two car garage and a carport. Part of the charm of this home is how it sits on the lot, creating a nice opportunity for lake views and privacy. Plenty of room on both sides and a straight view down to the lake. If you need or want additional shop or garage space this is the perfect home. There is even a flat spot that is already set up and ready to go! New flooring, kitchen cabinets, counter tops, fixtures, paint, trim doors etc. The house was gone through and updated to show very nicely. No steps in from the parking and main level living with the kitchen, dining, living and two bedrooms and a bath all on the main level. Lower level features a large family room with a nice electric insert fireplace, laundry area, and another bedroom and bath. The patio off of this level is also very large and relaxing. What a peaceful and quiet place to call home. If you love wildlife the deer and the turkey are plentiful here!
