Some of mother natures finest work! The home features multiple living areas including a formal living room, formal dining room, sunroom, and two family rooms. Both of these open to the pool and have multiple large windows to let in the light and wood burning fireplaces for cozy evenings. The kitchen has custom cabinets and a breakfast nook that also overlooks the pool. Hosting a get together couldn't be any easier with this great layout. Two bedrooms on the main level are ensuites. Of the three bedrooms upstairs, another is an ensuite, and one is a large bunkroom style bedroom. So much room for all your family and friends! Outside you have a circle drive at the garage, a dedicated garden spot, mature fruit trees, and a fenced area to keep kids and pets safe while playing in the fresh air! The land is cross fenced and gives you privacy and your own hunting paradise! Come see it and you'll want to make it your own!
