\$499,900

Beautiful one of a kind property located in the heart of the Ozarks that has a little bit of everything to include a cave! This wonderful property features land that you can do something with, it offers a large area of open pasture ground suitable for running any type of livestock ranging from, cattle, horses, goats or whatever you desire. The pasture lies along a dry creek bed, its flat and easy to maneuver. Along with being able to run livestock this ground is capable of producing you hay needs as well or do some row cropping. There is electric on site and natural gas is buried along the county road. There is a beautiful home building site too! As mentioned there is a large cave on the property that has a spring running through it that runs water most of the time. There is also plenty of wooded areas as well making this a great property for hunting all area game. Don't miss out!
