4 Bedrooms | 3 Bathrooms | 2,600 Sqft

Looking for a charming house with endless potential located on 3.3 acres of shady, secluded and peaceful land? If so, you've come to the right listing because this 4 bedroom (which includes 1 nonconforming bedroom), 3 bathroom house in Westwood Estates subdivision just south of Camdenton is one that must be seen. A large primary en suite bedroom on the main level offers privacy while the open spaces between the large living room and dining room makes for easy entertaining for several family members and guests. The walk-out basement offers up a large second living area that can be used as a work-out room, gaming room, or simply just another place to hang out if you like. With a large deck coming off the back of the main level that looks out over a canopy of leaves and wildlife, there may not be a reason to ever go inside. The house is only minutes from the heart of Camdenton while still offering a great amount of quiet and privacy.
