Located just off route U in Macks Creek, this secluded property offers just under 11 acres of possibilities. The land has partial fencing and a gated driveway for added piece of mind. It has ample wildlife and backs to several large parcels of land, making it the perfect location for a hunting cabin or forever home. The property offers a gorgeous build site and currently has a dated trailer home that can be left for the opportunity to repair by the purchasers, or removed prior to sale by the seller. The property has had operational water, sewer, and electric when the home was being lived in. There are no restrictions, so bring your build plans, or order your new modular.
