Brandon	What a great property that large being had a great time, there was plenty of room to both spread out and also come together and hangout! The property was just as described and was a great location for our needs were very regular check-in and check-out were both easy and smooth!	06/29/2025
Sunny	This house is amazing! The pictures on the website do not do it justice. We had 10 adults and I called for our stay and it held all of us with plenty of room left over. There is enough seating at the table and in the 2 living areas for everyone to comfortably enjoy themselves. Each room has amazing furniture which allowed us to spend a lot of time enjoying the view of the lake and being outside. The beds were very comfortable. Everything was extremely clean. I could not find the service past attention to the details that would make their guests comfortable. What an amazing home! The rental company was so easy to work with. It was just a great experience all around. Thank you!	07/02/2025
Amanda	Our stay for a group of 30 was absolutely perfect! Beautiful home with plenty of room to spread out. The outdoor fire and back space was perfect for evening entertainment. The single parking spaces were 4x. The main floor and lake fire entry were great for the kids in our group. Close to everything in Branson. We didn't want to leave we hope to be back! Would 100% recommend and stay here again.	06/22/2025

Theresa	It was more than what the pictures showed, beautiful inside and out and great views. We had 16 adults, a children and it was spacious enough for all of us. The kitchen was well equipped for a group like that. The bedrooms were spacious and comfortable. Very clean and well maintained and was close to a lot of things to do. We had 3 smaller rooms which could be expensive. We got more value about our money than had been our case of vacation and in short on our trip. The only issue I would have is that the bedrooms on the 1st floor were handicapped accessible, but other than	06/22/2024
