This 3 bed 2 bath Lake of the Ozarks home was completely remodeled in 2021. Almost everything was replaced, making this home feel like a brand-new home! This home has a one-of-a-kind outdoor setting with not only breathtaking views from all over the backyard but multiple levels for the whole family to enjoy! Large backyard deck and turfed area currently being used for a hammock but would make for a really cool putting green! Also, a well-made stone fireplace area that is the perfect spot to watch the sun go down over the lake. This home features a large kitchen and living room area with tons of windows to look out over the lake. Two spacious bedrooms and a loft up above with plug-ins perfect for the kids! The dock features tons of space with two slips one with a newer boat lift for a larger tritoon, and enough space for a large entertainment space and swim dock. This is a can't miss!
