**\$35,000**

Looking for some quiet space, but don't want to be too far from town? It's got a little bit of everything, open space, woods, as well as a partial pond, making it a great spot to build, relax, or invest. City water and electric are close by, so getting set up would be easy. Whether you're thinking of building a home or just want some land to call your own, this place has a lot to offer.
