Looking for a nature retreat that does not break the bank? This 12 x 32 cabin built in 2023 by Classic Buildings could be the one for you. All ready for drywall, your choice of flooring and decorate as you like; this peaceful retreat can be your very own. Currently has electric already ran, with a new split system in place for heating and cooling. Water is available and the connection fee is \$150. Underside of cabin has been sealed with water resistant spray foam, with 22 frost line piers anchoring the cabin (A big plus to prevent future issues with moisture affecting the structural integrity of the cabin.). This would be an amazing cabin to just get-a-way for a bit, observe nature, do some hunting in the area or tootle down to one of the area lake access points to do a bit of fishing. Set up a personal tour today.
