Wow! This beautiful half-acre lot offers the best of both worlds--partially wooded for shade and privacy, and partially cleared, making it easy to start building. It has a community water source and electric available at the front of the property. You'll love the peaceful setting with a distant view of Stockton Lake. Whether you're dreaming of a full-time home or a cozy weekend lake house, this spot has the charm and potential to make it happen. Just minutes from Stockton & Stockton Lake!
