3 Bedrooms | 1 Bathroom | 1,550 Sqft

This beautifully maintained 3-bedroom, 1-bath gem sits pretty on a spacious corner lot, offering room to roam, relax, and roast marshmallows like a pro. Step inside to find a bright, open living space with natural light pouring in like it pays rent. The kitchen is ready for action with modern appliances and plenty of counter space whether you're whipping up a five-star meal or just trying to keep the smoke alarm quiet. Now, let's talk about that backyard. It's not just a yard; it's a full-blown experience. Soak your stress away in the hot tub, let the kids run wild on the playground, cozy up around the fire pit, or channel your inner farmer in the large garden plot. The expansive patio is ready for BBQs, birthday parties, or just bragging to your friends that your backyard is better than theirs. This home is more than move-in ready: a new roof was installed in 2023, the siding is brand new and comes with a transferable warranty, and there have been updates throughout, including cabinets, a utility room addition, and fresh paint. It's been cared for and updated so you can focus on unpacking, not upgrading. Don't miss your chance to scoop up this slice of backyard paradise.
