Function and Style with this lakefront stunner! This home has been designed as the perfect lake front home for large families to make memories for a lifetime. Boasting of FIVE bedrooms and flex space that can accommodate an office or additional sleeping area this one checks all the boxes to sleep a crowd. A grand open concept highlights an inviting space for a large group to gather in the kitchen/dining areas for those big summer family breakfasts. Another highlight is the two living areas that spill on to covered porches creating so many comfortable spaces. A BRAND NEW concrete dock is the cherry on top bonus to this home as it has been constructed to create a large and roomy floating oasis in a protected cove where you can swim in the busiest days of summer. Located on quieter waters of Lake of the Ozarks in easy proximity to some of the LOZ's favorite restaurants being only minutes away (think Bear Bottoms) the location is perfect to access all of the Lake's premier attractions. With a central sewer, community well, and GREAT storage this place is the sum of all the parts. This is an ideal home for full time living or a fun second home for the whole family to enjoy.
