Welcome to Woodland Point, the lake home of your dreams. Everyone wants cove protection with a huge view, deep water and a very gentle lot with only 12 steps to the lake. Since these owners purchased the home in 2011 they have done nothing but make improvements. Most notably a complete DNR approved septic system managed by Lake Area Wastewater. Deck updates, dock updates, new windows and exterior doors, new main kitchen, new flooring, paint and more!! (Must see attached update list). The open floor plan on both levels is perfect for family and friends. Lots of outdoor lounging space. You will probably spend as much time on the large dock as you will inside. This home has been meticulously maintained and is begging for new owners. You will be impressed!
