

TBD 4 South Fish Haven
Lake Ozark, MO 65049

Powered by lakefrontexpo.com

MLS# 3580503

\$250,000

This nearly 2 acre lot is on a great blacktop road and has easy access. Several homes should be able to be built here and Multifamily is possible with appropriate approval. Apartments and multifamily have proven successful in this area and with what is planned for Lake Ozark in the coming years this could be the perfect location. Gentle topography and water and sewer close! There is more acreage that is also listed just a stones throw away. Your chance to be a developer on several great properties!
