MLS# 3580512

\$400,000

Over 12 acres and 1100 feet of Hwy 242 frontage zoned for commercial activity for \$400, 000. With this visibility and this location the possibilities at this price point are many. Could be a great location to make several pad sites with access directly off of Hwy 242. Close to water and sewer and everything else Lake Ozark has to offer. With all of the development planned for this area, this is a steal of a deal!
