3 Bedrooms | 1 Bathroom | 1,006 Sqft

Imagine a weekend where the only sounds are the breeze in the trees and the call of wildlife across your 7 acres. Just minutes from the Lake of the Ozarks, this updated 3-bedroom home is a haven for anyone seeking peace, nature, and a slower pace. Inside, you'll find comfort year-round with a 24,000 BTU mini split and ceiling fans in every room. The open-concept layout highlights a clean country kitchen, while an extra room provides space for an office, storage, or whatever your lifestyle calls for. Step out to the small back deck to enjoy quiet mornings, then spend your days gardening, tinkering in the detached shop, or simply relaxing in the yard. With plenty of room for kids and four-legged family members, plus timbered acres perfect for exploring or watching wildlife, this property is ideal as a starter homestead or a weekend getaway retreat. Priced right to make it yours. Bedrooms are unconventional but have space for closets as you see fit.
