Step into this fully remodeled 3 bed, 2 bath wonder that's so new, it practically has a sparkling New Build sticker on it! Imagine living in a cozy abode where every corner whispers Wow, look at me! With an open concept that's more inviting than your mom's cookies, you can finally show off that dance move you've been practicing in the mirror. Cook up a storm while keeping an eye on the little ones or your furry friends because who doesn't want a front-row seat to the chaos? And let's talk about the master suite! Picture yourself unwinding in your very own walk-in custom tile shower, where you can wash away the day's stresses while feeling like a spa superstar. Located right in town, you're a hop, skip, and a taco away from shopping, restaurants, and the soon-to-launch Taco Bell, where dreams (and cravings) come true! Schools are nearby, and job opportunities are popping up like rise-and-shine breakfast burritos! Don't miss out on the chance to call this gem your own before someone else beats you to the punch. Grab your friends, your family, and maybe even a taco or two, and come see your future home now!
