Fantastic opportunity to buy 120 acres with Brush Creek running through it on it's way to the Niangua River. This property is only a couple miles from Bennett Springs with world class trout fishing and great floating!!! There is a partially completed cabin just waiting for you to finish it just the way you want it! Will divide 120 acres into 40 acre parcels (see separate listings). Smaller acreage lots (3 acres to 22 acres) also available next to this property.
