1 Bedroom | 2 Bathrooms | 850 Sqft

You don't come across a one-bedroom like this often. This end-unit condo has been completely refreshed from top to bottom, and it shows. The tasteful remodel and brand-new furnishings (yep, they stay!) make this one 100% move-in-ready. Tons of natural light pours in through a wall of windows, giving the space an open, airy feel. The living room features a gas fireplace for cozy nights in, and there's even a full laundry room with a washer, dryer, and softener already in place. The bedroom connects directly to the screened-in porch ideal for morning coffee or a peaceful evening unwind. The updated bathroom offers great storage and a sleek, walk-in tiled shower. You'll also find a surprisingly large closet with plenty of room for clothes and your lake toys. Monarch Cove is packed with amenities: three pools, two hot tubs, and plenty of grill areas for lakeside entertaining. Elevators in every building make it easy to get around, and one even takes you straight down to the lakeshore walkway. LP gas is plumbed directly to the fireplace and the deck's BBQ hookup, and boat slips are available if you want to keep your boat nearby.
