This lakefront cabin has grown over the years into a comfortable home with a terrific 3-car garage/workshop every guy will want. Current owners have up-dated the large eat-in kitchen with LVP flooring and custom Rustic Hickory cabinets. They brought wood paneling from an old schoolhouse in Iowa for the staircase. They converted the original boat garage into en-suite master suite with brick flooring and access to the lakeside patio and the laundry/storage area. The detached garage has an office/workshop/craft area with a window heat pump unit. Under the wrap around deck of the garage is additional storage for your golf cart, riding lawn mower, etc. Great location by water or road, close to restaurants, shopping, and marinas. If you're wanting that "Lakey" vibe - This is your new lake home.
