Absolutely beautiful family estate! Custom-built home on 15 acres M/L constructed in 2022. Inspired by homes commonly found in the northeastern United States, it has a clean simple, yet highly functional design, including the stone dry stack wall. Modern conveniences, yet when you walk through the door, it has a rustic colonial feel radiating all about. Three bed, three bath, with a bonus room located over the attached two car garage. Featuring a full basement, spray foam insulation, oak hardwood floors & antique bricks that were brought in from a road in Kansas. The roof has shake shingles that have been treated with a fire retardant. All light fixtures were handmade in Vermont. The kitchen features soap stone counter tops and soap stone sink, also from Vermont. A magnificent stone fireplace and the glass over the classic main entrance is hand blown bullseye glass direct from Silver Dollar City. Off the main house is a hand hewn 1840's log cabin moved from Meta MO. The chicken coop & wooden barn are Colonial Williamsburg replicas. There is a pond just to the south that is stocked. The acreage is a mix of open fields & timber with abundant wildlife. Additional acreage available!
