Custom-built and meticulously finished, this exceptional home with Table Rock Lake offers a rare combination of craftsmanship, architectural detail, and lake-area lifestyle. From the moment of arrival, the exterior sets the tone with a striking blend of stone, stained wood accents, and a covered front porch designed for relaxed outdoor living. Inside, the main living area is defined by vaulted ceilings punctuated with wood beams, wide-plank hardwood flooring, and a dramatic floor-to-ceiling stone fireplace anchored by a custom wood mantle. The open-concept design allows the living, dining, and kitchen spaces to flow seamlessly, creating an ideal setting for entertaining or everyday comfort. The kitchen is a true focal point, featuring custom wood cabinetry, quartz countertops, a large center island, stainless steel appliances, modern pendant lighting, and abundant storage--built with both function and style in mind. Natural light pours in through expansive windows and glass doors, highlighting the quality finishes throughout. The primary suite offers a private retreat with wood-accented ceiling details and spa-inspired surroundings, complete with dual vanities, custom cabinetry, and a beautifully tiled walk-in shower with frameless glass. Secondary en suite beds and baths continue the home's refined aesthetic, showcasing consistent materials,
