**3 Bedrooms | 1 Bathroom | 1,441 Sqft**

Newly updated home at the end of a dead end street, in the middle of Camdenton, that has two lots that total over an acre of ground PERFECT for a garden spot or a beautiful fire pit outside of your back door. 671 square feet unfinished in the basement leave lots of options. All new floors throughout the home, featuring a brand new kitchen with quartz countertops with ample space for a large kitchen table, new roof, gutters and interior paint. Vaulted ceilings give the open concept a big and airy feeling with windows that pour in so much natural light. Three bedrooms and one bathroom upstairs, with a large family room and wet bar downstairs. This home has beautiful views from your covered deck off of the kitchen, and from the covered patio off of the lower level. HUGE lot that invites your parking of an RV, bass boat, or plenty of cars for the family when visiting. The downstairs could easily be adapted into a separate apartment of living space with over 600 square feet to finish any way you like and an easy driveway to the back of the home. The lower level is set for a bathroom with all plumbing ready for easy installation.
