First time on the market, this iconic 1960s lake home is a true time capsule of classic Lake of the Ozarks living, set on an exceptional lot with over 200 of lakefront in a prime Osage Beach location. With no HOA and rentals permitted, the value of the land, frontage, and setting alone is undeniable. You're welcomed into alpine-inspired architecture with soaring wood-beamed ceilings, a dramatic floor-to-ceiling stone fireplace with copper accents, spiral staircase, a wall of windows opening to a composite deck overlooking a secluded lakefront backdrop. The layout includes a loft area with room for office, bunks, and more. The lower-level features a primary suite, 2 guest bedrooms and bath all with lakeside access. Detached 2-car garage, loads of parking in the circular drive, a 3-well dock with rooftop sun deck, and a lakeside gazebo with concrete floor ideal for entertaining or future outdoor enhancements like a pool. Roof replaced within past two years. This property is for someone who sees beyond finishes and into legacy. Whether restored, reimaged, or reborn, this is a rare opportunity to shape the next chapter of a truly storied piece of Lake of the Ozarks history.
