**TREELINE LAKE:** Gives Lot #71 & #72 good \$value, since these lots are on a "no-wake/non-power" lake with approximately 139 feet of shore. If you're looking for an exclusive, "quiet water niche .... then this location is for you. Purchasing this property would be similar to buying an "Estate site". Kayak friendly, Paddleboard Haven, Fishing Haven, and great for young swimmers. Parents and grandparents don't want to worry about boat wakes or noise - just a beautiful lake view. While most lots are overgrown, this land is already groomed.
