5 Bedrooms | 5 Bathrooms | 2,220 Sqft

Back on the market at no fault of the sellers, this outstanding nightly rental located in the heart of Osage Beach on the 20 mile marker has several unique features that make it a wonderful investment, but the fact that all 4 bedrooms have a private bathroom & shower within each room is the feature that most renters love. Sure, there's 177' of shoreline & main channel views from the property while still located in a protected cove, over 500 sq. ft. of decks where one can catch an awesome sunset, a 2 well dock with 3 PWC Shore ports, three kayaks, a lily pad, & a swim platform, 8 smart TVs scattered throughout the place & plenty of off-the-street parking, but people always seem to go back to the 4 ensuites on that main level. The walkout basement is now a bunkroom and from there, it's a short walk to the dock or the hammock that is near the bottom deck. There are two washer / dryer hookups on the main level should an owner want to have two stackable sets going at the same time and with the propane fueled tankless water heater, there's always hot water. This property is being sold completely turn key and "As Is" & the possibilities with this property are endless. Come take a look!
