Spring awakens something special at this Table Rock Lake retreat - a place where lake views, cool lake breezes, & nature's soundtrack set the rhythm of everyday life. Perfectly perched on a 2nd-tier lake view lot, this home captures sunrise water & nature scenery, where deer wander, songbirds echo through the trees, & mature hardwoods frame your private outdoor oasis. Inside, exceptional craftsmanship & walls of windows take center stage. Natural light pours across soaring vaulted ceilings into expansive living spaces designed for everything from gatherings to quiet mornings. The formal hearth room anchors the home & flows effortlessly to covered & open decking -- ideal for spring dinners & starlit evenings. The heart of the home is a true chef's kitchen overlooking the lake, featuring stunning soft-close cabinetry, granite counters, propane cooktop w/ wall oven, massive pantry, & both formal & casual dining spaces. Main-level living offers comfort & convenience w/ a spa-inspired owner's suite, two add bedrooms or office spaces, full guest bath, & convenient laundry off the mudroom. Take the whole tribe downstairs to welcoming family/game room, entertaining bar area, cozy freestanding stove, three more spacious bedrooms (one non-conforming), full bath, & walk-out access to more decking & yard space. Outside, the nature
