This 5-bedroom, 3.5-bath lakefront home in Four Seasons is well-maintained and offers a practical layout for either full-time living or a lake getaway. The interior provides plenty of room for family and guests, while the outdoor space includes a low-maintenance composite deck that is partially screened-in for added comfort. A concrete path leads from the house directly to the water, providing a convenient, stepless option to walk down to the private dock. The dock itself is already set up with a boat lift and PWC lifts, making it ready for the water immediately. Since the home is being sold fully furnished, it is a turnkey opportunity that allows you to move in and start enjoying the Lake of the Ozarks and the Four Seasons community amenities with very little setup required.
