3 Bedrooms | 1 Bathroom | 1,200 Sqft

Take a look at this raised ranch home situated on 3.3 +/- acres that are level and decorated with a few beautiful pine trees! The home is 3 bedrooms and 1 full bathroom, making it a nice starter home or investment opportunity. The unfinished walkout basement provides ample room for storage or constructing more living space, a man cave, media room or exercise area! Relax and enjoy watching the wildlife frequenting the property for either the front or the back covered decks! It has a private well and has NO restrictions, NO zoning, NO HOA and NO building codes to hassle you! Secluded from the paved secondary highway by the pine trees, this property has easy, level access directly off the highway. Plenty of open, grassy field for animals, playground or games! High speed fiber optic internet provides opportunities for a home based business or just for gaming or streaming fun! Although the home needs some finishing touches and some repairs, this could be just what you are looking for! Check it out before it's gone!
