3 Bedrooms | 1 Bathroom | 1,539 Sqft

3-bed 1-bath fixer-upper nestled right in the heart of St. Elizabeth and is just waiting for your creative genius (or an episode of your favorite renovation show) to transform it into the envy of the neighborhood! A spacious 1,500 sqft of potential, where every room is a blank canvas just waiting for your Pinterest ideas! Yes, you read that right! Over 2 acres of land to turn into whatever your heart desires. Gardens? Chickens? A mini golf course? The sky's the limit unless you run into zoning restrictions, of course! Experience the unique aesthetics of a home that might have a few shall we say, character quirks? If your idea of a great weekend involves a paintbrush, some questionable home improvement decisions, and a minor trip to the ER, this home is for you! Channel your inner handyman (or woman) and create your dream space while racking up some truly entertaining stories. Enjoy the convenience of town living while still having room for all those projects you've been wanting to tackle (or avoid until the last minute). So whether you're a seasoned DIY expert or someone who just likes watching those makeover shows, this home is the perfect canvas for your next great adventure.
