We are pleased to present The Retreat at Shiloh, a distinguished property nestled in the heart of the Ozarks. Overlooking the convergence of Flat Creek, Dry Creek and Table Rock Lake. This exceptional, income-generating asset offers a turnkey solution for discerning investors or future residents. It boasts unparalleled uniqueness, featuring expansive, picturesque vistas, over 1,000 feet of pristine lakefront, and absolute seclusion. Access to the property is both convenient and efficient, with a well-maintained, scenic drive directly off the highway, leading you to your private sanctuary. The cabin has undergone a comprehensive renovation, both internally and externally. All utilities and appliances have been modernized, alongside updated flooring, fixtures, and every detail in between. Perhaps the most compelling aspect of this offering is the land itself. It provides truly unique, elevated panoramic views that extend along the lakefront. The naturally thinned southeastern border between the property and the lake presents distinct opportunities for developing several additional full lakefront cabins, each offering panoramic views, should you desire. From stunning rock outcroppings to a multitude of adventure trails and cliffs, this property promises endless opportunities for both adventure and peaceful relaxation. Appointment Only.
