Proudly presenting this Majestic Table Rock Lakefront Estate with some of the best views on any lake anywhere! The location, layout, design & flow of this home are perfect. The build quality & finishings are luxurious. The Views of TRL & the Ozark Mountains are so vast & breathtaking that words fail to describe. But these views are not just from the expansive covered lakefront deck or the Saltwater Infinity Pool with fire features to either side. They are throughout the main floor living space thanks to the walls of windows & 8' tall patio doors that complement the 10' ceilings. The moment you step through the front door into the foyer you are greeted with a grand entrance to the Great room with a cozy fireplace & congregating area which flows to every other area of the home. Straight ahead is the dining & open Kitchen with Subzero refrigerator, Wolf appliances & Quartz countertops. The 2 Guest En Suites are down the hall to the right with garage entry just beyond. To the left is the sun/hearth room with amazing lake views, 2nd fireplace & access to the covered outdoor living space. Beyond the Kitchen is the Primary Suite with walk-in closet, soaking tub, heated floors & double shower. Huge bedroom space with direct access to the covered patio & amazing lake views. Take the stairs to the lower level where there is currently an exercise room, half bath,
