\$34,900

Beautiful lakefront lots with great views of the Kings River arm of Table Rock Lake!! These lots run deep towards the shoreline which could really open up the water views with some clearing. The adjoining lot is also for sale which would give someone the potential of 200 feet of shoreline and over an acre of water frontage. Kings River Beach is a beautiful waterfront community with lovely homes and just a short drive to King River Marina. Listing is for lot 86. Lot 87 is also for sale.
