Enjoy affordable lake living with this Table Rock Lake view home in Blue Eye, Missouri, situated on 0.37 acres across two parcels. This log cabin style home offers charm, functionality, and room to grow with a metal roof, covered parking, and additional potential. The updated main level features an open living area that flows seamlessly into the kitchen, creating a comfortable and inviting space. The kitchen includes gray cabinetry, stainless appliances, a tile backsplash, and a cozy seating area positioned by a picturesque window overlooking the lake. The main floor also includes a primary bedroom and a full bathroom with a jetted tub. Downstairs, the basement provides excellent flexibility with space for a second living area or guest quarters along with a second full bathroom featuring a walk in shower. Step outside to relax on the covered deck and take in the peaceful setting and lake views. With its combination of affordability, scenic surroundings, and versatile layout, this property is ideal for those seeking a lake retreat, full time residence, or investment opportunity near Table Rock Lake.
