Absolutely Incredible Current River Home in Van Buren! This completely remodeled 5-Bedroom 2- Bath home is just around the bend from the Famous Bass-Rock hole of water just upriver from the town of Van Buren. The view and water access of this property are second to none when it comes to River Front homes on this entire stretch of the Middle Current River. After a day on the river, you can literally pull your boat or kayak right up to the property and walk 50 feet up the gentle slope right to the home. As you walk up to and into the home one of the first things that grabs your eye is the towering 2-story rock fireplace that was constructed by a local artisan with hand selected rocks gathered by the owners. Inside the living/dining area you'll notice a spacious island flanked by beautiful custom cabinetry and custom granite countertops. There are two large bedrooms and a spacious bathroom with a beautiful custom walk-in Shower on the main level and a large loft with another bed upstairs. Downstairs you'll find another large living area adorned by the same rock fireplace that extends from the main level. Off of the living area there are two more bedrooms and another spacious full bathroom to accompany this separate living area. This beautiful home will come fully or partially furnished and will be truly turnkey and ready to enjoy! With it's wrap
