You know the Real Estate saying; Location, Location, Location!!! Here you go, rare opportunity for a large land tract within a few miles of Willard and Springfield. Lots of road frontage, live water creek, springs, timber, whitetail hunting and outstanding building sites with a gentle roll to it. For decades, one family has enjoyed the farm life and this convenient location but it's time for them to move on. Investors, developers, hunters and family residence will all find this property interesting.
