48.82 acres of an Ozark hunter's paradise! This property is nicely located and established for trophy whitetail deer and turkey hunting, including a large 2-acre food plot that is planted and growing well for this season's hunting, as well as a pond on the property for a year-round water source! The property has a good mixture of mature trees and minimal undergrowth that makes traversing the land easy! To the east, you will find the warm Fork Spring River just off the property line. Main road access via a small drive/road to the food plot makes getting to your hunting locations easy!
