This 8 acre parcel of land has great access being only a couple of miles from Highway 60 and only a 1/2 mile of gravel road. This property is only 45 minutes from Springfield 25 minutes from Mtn Grove and only minutes away from Mansfield and Norwood. There is a wonderful building site tucked in among the trees. And a new Entrance from the county road has just been completed. There is a wet weather creek just below the building site that runs most of the year. From playing in the creek to chasing that big buck what a place to call home.
