There is 37.5 Acres that is already for you to build your dream home on. It has a fenced in portion that has well and electric on it with a nice drive way that gives you a great start on making your dream house a reality. The property surrounds that home ready cut out offering pasture, some wooded area that would be great for hunting or cattle. There is a nice large pond that sits in the trees that is movie worthy. Don't miss this piece and come build your very own "white house with blue shutters" dream.
