This property is a dream come true: All cleared, hay ground, multiple building sites, surveyed, close to town and Bull Shoals Lake, with both highway and county road frontage. This ground has been used only for hay production the last several years. The location is perfect as it is only 5 minutes to town and Bull Shoals Lake but far enough out you still breathe that country air. Come check it out and pick your spot. Will divide if you prefer a smaller parcel, at a reasonable price of course!! NO restrictions here.Owner/Agent
