Very nice 15.52 m/l parcel of land ready to build. There was a mobile home previously on this parcel so the electric and septic lines are in place. The property is hooked up to a well but it will need to be hooked into the rural water or a new well dug. There is a nice spring on the property, a pond and a wet weather creek running through it. The land has some very nice building sights, semi-private and surrounded by trees. There is fencing on 3 sides and nice pasture ready for livestock. Located within 5 miles of the Mark Twain National Forest and quaint Ozark town of Willow Springs Missouri. Owners will consider owner financing
