Discover the perfect blend of privacy and natural beauty on this 26-acre wooded property! Tucked away from the road, a private gravel driveway leads you into a peaceful setting surrounded by mature trees and abundant wildlife. A wet weather creek winds through the land, adding charm and character to the property. With electric, septic, and a well already in place, much of the groundwork has been started--making this an excellent opportunity to build your dream home or create a private getaway. A trailer home is located on the property and will require work; it is not being considered in the value, giving you a great opportunity to start fresh and make it your own. Whether you're looking for a secluded homesite, recreational land, or an investment opportunity, this property offers endless potential in a serene, country setting.
