Updated Lake View Home with Lake Access, being offered furnished and set up to enjoy right away. The layout lives larger than expected, with two separate living areas on the main level, great natural light, and a functional kitchen/dining space with ample cabinetry and stainless appliances. Two bedrooms are located on the main level and share a Jack-and-Jill style closet, with one offering direct access to a private patio. The main level bath has been nicely updated with a walk-in shower. Upstairs feels like its own retreat, with a spacious bedroom, good natural light, and a comfortable bathroom with additional storage. Outdoor space is a standout feature, with multiple levels of decking, a patio area with hot tub, outdoor shower, and a partial basement that provides mechanical access along with excellent storage or flex space potential. 25x32 metal building/garage with electric and a sliding barn door offers ideal space for boat storage, vehicles, or a workshop, with additional parking above. Located in a great neighborhood on the Gravois arm, with lake access just down the cove, this property works just as well for full-time living as for weekends at the lake.
