Location is everything at the lake and this one has it. Whether you're looking for a place to call home or a long-term investment that practically markets itself, the location alone makes this one worth a serious look. But the location is just the start. Step outside and you'll find something that's genuinely hard to come by in this price range, an oversized lot plus an additional adjacent parcel, giving you space, breathing room, and flexibility that most properties around here simply can't offer. Want room to spread out? You've got it. Need extra storage or a place to work on your toys? The bonus shop takes care of that too. And with a concrete circle drive out front, the curb appeal and functionality are already there waiting for you. Bring the family and enjoy the space and the setting. Or let the location do the work as a dependable long-term rental in a market where renters want to be. Either way, the outside space, the extra lot, and the address make a compelling case all on their own. Properties with this much land and this kind of location don't come around often, and when they do, they don't last. Come walk the property and see what's possible!
