\$389,900

Prime Location. Are you in search of farmland or a potential building site? Look no further! This stunning parcel of open land can meet all your needs. Whether for cattle, crops, or even a business location, it's versatile enough for any purpose. The property features a large pond and some fencing. A survey will need to be conducted to establish property lines, and it can be divided into two separate lots. Property has road frontage on both sides as well.
