2 Bedrooms | 1 Bathroom | 760 Sqft

This small home on a rather large lot is right in the middle of the sweet little town of Stoutland Missouri. It's walkable to gas station/restaurant/downtown. There are two bedrooms and 1 bath, and it's never been empty long. Recently it's been a rental, and it could use some TLC, but it's got a newer metal roof, two outbuildings, and a large shady yard plus off-street parking. There's inside laundry too on the enclosed back porch.
