Don't miss this rare opportunity to own in one of Lake of the Ozarks' most sought-after locations. This beautifully renovated 3-bedroom, 3-bath lakefront condo sits in a small, private gated community in the absolute heart of Osage Beach putting everything the lake has to offer just minutes away, both on and off the water. This unit has been completely refreshed from top to bottom with all-new hardwood floors and carpet, new HVAC, new hot water heater, new refrigerator, new dishwasher, and custom remote-controlled blinds throughout. The result is a truly turnkey, move-in ready retreat that requires nothing from its next owner, it even sells fully furnished. The package is made complete with a 14x40 boat slip and a dedicated PWC slip, giving you immediate, effortless access to the main channel and all the water amenities that make this lake famous. As a non-rental community, this complex maintains a quieter, more exclusive atmosphere and with a small number of units, opportunities to own here come around very rarely. Whether you're searching for a full-time residence, a weekend escape, or a legacy lake property, this is the complete package at the center of it all.
