Welcome to 1501 Long Lane in Eldon, where charm met 2026 and got a serious glow-up. This 3 bedroom, 2 bathroom home has been recently redone with a new roof, updated finishes, and just the right amount of original character left intact. No cookie-cutter, gray-everything vibes here. Sitting on a corner lot, this property comes loaded with extras including a detached shop, carport, and the true star of the show a separate mother-in-law quarters with its own 1 bedroom and 1 bathroom. Perfect for guests, older kids, rental income, or that family member who says I won't stay long and then somehow lives there for six months. Inside, you'll find updated spaces with personality, room to spread out, and finishes that make this one feel like home the second you walk in. Outside, there's space for projects, parking, entertaining, or finally starting that hobby you swore you were getting into this year. This home has the updates, the charm, the extra space, and enough flexibility to fit just about anyone's lifestyle. Basically, it's the overachiever of Long Lane.
